DYNASTY BUSD

What Is DynastyBUSD?

DynastyBUSD is a defi project on the Binance Smart Chain, governed by an audited and verified smart contract.

With no minimum deposit requirements and 16% daily returns, this project makes it easy for anyone to earn passive income!

DynastyBUSD pays 16% daily, according to the current mining efficiency rate. The mining efficiency rate rises and falls as you and other players hire Dynasty miners, compound earnings and pocket BUSD.

DYNASTY BUSD

How To Play

The object of the game is hiring more Dynasty miners, sooner and more often than other players. This in turn earns you more BUSD faster.

Hiring more miners using your daily BUSD earnings will 3x your miners within 30 days or less. This is called compounding.

A tried and true strategy is the 6/1 method - compound your earnings daily for 6 days, then pocket your BUSD on day 7, then keep repeating.

DYNASTY BUSD

Verified & Audited

The DynastyBUSD contract is public,
verified and can be viewed on
BscScan.

Contract address:
0xdaf60905e0f1f5ff80205c2e48bd1a
59d6f7212c

This project has also been audited by
the top auditing firm in the business,
The Stamp!

You can see our audit results from the
Stamp by visiting the link on our
website!

DYNASTY BUSD

Sustainability

Like all crypto projects, DynastyBUSD is sustained by the continued support of the community and our dedicated team.

To provide a solid foundation for the growth of our players' investments, the Dynasty pays a daily return of 16%.

To help grow the Dynasty, there is a 4% fee on deposits and withdrawals, which goes towards the continuous marketing and development of DynastyBUSD.

Additionally, we also offer 8% referral rewards!
